(PAAL B) Report 21.12.2021 - Company announcement Today, the Board of Directors of Per Aarsleff Holding A/S has discussed and approved the company's audited annual report for 2020/21. In June 2013, it became the sole shareholder in Insituform Røhrsanieringstechniken GmbH. The growth is inclusive of Pernagreen Grønland A/S. DKK 750 million compared to DKK 639 million last financial year. Distributed by Public, unedited and unaltered, on 21 December 2021 06:59:04 UTC. We are in a strong position in the future years. Therefore, we are delighted to present all-time high results for the Aarsleff Group - on the top line as well as on the bottom line. Pipe Technologies expects a 3% revenue increase compared with last financial year, and an EBIT margin of 6.5%. Continued great uncertainty about the development in the prices of raw materials and the availability of critical materials and components supporting the production. The high investment level is attributable to large investments in a new shared office in Taastrup for Wicotec Kirkebjerg A/S and Petri & Haugsted AS, establishment of a new pile factory in Skåne, Sweden as well as investment in Ground Engineering's new product, a threaded pile. It is also available on www.aarsleff.com. High share of the order backlog for execution in the financial year. Technical Solutions expects a 5% revenue increase compared with last financial year, and an EBIT margin of 2.5%. Highlights: Revenue increased by 10.5% to DKK 14,694 million. An increase of the dividend is proposed to DKK 8 per share of a nominal value of DKK 2 for the financial year 2020/21. Ground Engineering generated EBIT of DKK 164 million which is in line with expectations. Jesper Kristian Jacobsen, CEO of Per Aarsleff Holding A/S, says: "For the third year running, the Aarsleff Group delivers all-time high results. It has been an unusual year characterised by a very high level of activity, and like the other companies in the building and construction industry, we have managed to maintain normal operations during the coronavirus pandemic while being challenged by local restrictions imposed in each of our European markets. Also, several interesting, large-scale projects are in the pipeline in Denmark, some of them resulting from the Danish government's infrastructure plan." The annual report is published via Nasdaq Copenhagen A/S and attached to this announcement. The Company operates in three main segments: Construction, Piling and Pipe Technologies. The Company is active in Denmark, the United Kingdom, Germany, Poland and Sweden, as well as in other countries. 2 months 3 months 6 months 9 months 1 year 2 years 5 years 10 years Max.
